

LONDON MEETINGS

AIMS AND OBJECTIVES

- ❖ **To offer people affected by fibroids, either as patients or carers, the chance to meet with others with similar experiences for personal, non-medical information and emotional support.**
- ❖ **To promote the British Fibroid Trust patient support group to anyone affected by fibroids, irrespective of where they live or which hospital they attend.**
- ❖ **To promote a safe and discreet environment for everyone who attends so they will feel comfortable in discussing any issues that concern them.**
- ❖ **To hold meetings every 3 months, both informal group sessions and occasionally more structured sessions with invited expert speakers.**

LONDON MEETINGS

GROUP ETIQUETTE

- ❖ Please bear in mind that the hospital specialists who attend the meetings are doing so in their own time and might need to get away promptly at the end of the meeting.
- ❖ Although a gynaecologist and/or clinical nurse may be in attendance during the meeting, please understand they are unable to discuss anyone's personal treatment plans.
- ❖ Please limit use of mobile phones during meetings. If possible turn them off or at least switch them to silent.
- ❖ If, during a meeting, anyone feels the need to walk out of the room, please allow them to do this with dignity and acceptance. We are aware that there are times when emotions can get the better of us and it is perfectly acceptable to leave the room.
- ❖ Please respect all participants' confidentiality at all times. Obviously some may wish to share elements of the meetings with your own family members, but please bear in mind the confidentiality issue and use no personal details outside the meetings.
- ❖ Please respect people's points of view. There is no room in the Fibroid Patient Support Group for discrimination OF ANY KIND.
- ❖ Sometimes in emotional situations, it is difficult to talk without hesitation. Allow a person time to collect their thoughts and talk, without interruption.
